

VIDEO

Mark's Powerpoint presentation (16:9 display ratio) will be sent no later than 48 hours in advance and he will bring a backup on a USB.

AUDIO

Depending on the presentation, Mark may have embedded videos with sound in the PowerPoint presentation.

MICROPHONE

Mark strongly prefers a Lavalier (lapel) microphone connected to a professional audio system.

AV TESTING/SOUNDCHECK

Not less than 30 mins before Mark takes the stage.

CONFIDENCE MONITORS

Mark requires one monitor that projects the speaker's notes (largest font possible), current slide, next slide, and running keynote time (reset as soon as Mark walks onto the stage).

SLIDE ADVANCER

DSAN Perfect Cue system (or equivalent).

PODIUM

Preference is for no podium or if one must be present to move it to the back allowing for Mark's unencumbered movement on stage.

INTERNET ACCESS

Not required.

BEVERAGE

1 bottle of water.
